## Refresh-A-Room

When families travel far from their own homes, seeking medical treatment for their seriously ill children, they turn to Ronald McDonald House-Denver to find a cozy and supportive place to stay – at no cost, for as long as treatment takes.

Ronald McDonald House Charities of Denver operates two Houses, a 73 guest room facility in Denver and a 45 guest room facility in Aurora. In the past five years, we have served an average of about 2,000 families annually. During that time, families stayed with us for an average of 15 nights, resulting in over 30,000 total family nights provided each year. Our guest rooms are typically 85-90% full each night and this results in some significant wear and tear on the bedroom furnishings.

Our Aurora House was built and opened in early 2008. All the carpeting and most of the furnishings in the bedrooms (pictured below) are original and in need of replacement.

Your Refresh-A-Room sponsorship gift will be used immediately to help replace carpeting, paint and purchase bedroom furnishings, including (per room): Two headboards and bed frames, nightstand, desk and desk chair, dresser, upholstered chair, & lamps.

\$5,000**

## Give Families an Updated Place to Rest

The **Refresh-A-Room** program gives supporters an opportunity to help cover the cost to refresh a guestroom in the Aurora House. Guest rooms will receive paint, upgraded carpet and furnishings similar to these:
