

CELEBRATING OUR VOLUNTEERS

There's no doubt about it – our daily operations depend on the generous support of volunteers. Our comprehensive volunteer program offers both individual and group opportunities, ensuring everyone can contribute in meaningful ways. Whether it's providing a meal, greeting guests, curating event auction items, offering pet therapy or enhancing the beauty of our Houses, the efforts of our volunteers are invaluable. Every hour they dedicate helps us reduce costs, allowing us to allocate more funding directly to our programs.

IMPACT REPORT 2023

"Reflecting on the past year, I'm struck by the number of compassionate, selfless people who help make our Houses a comforting home for so many families. I see it in our staff, in our volunteers and in all of you. Your commitment to our mission helps us provide a home away from home for thousands of families with sick children each year. We thank you for being part of our community."

- Laura Cordes, CEO

“ Staying at the Ronald McDonald House of Denver helped us have every waking moment with our son. ”

Sarah and Jake were thrilled to learn they were expecting shortly after marrying, marking the beginning of their journey with Amos. Halfway through the pregnancy, they discovered Amos wasn't growing properly. At 27 weeks, Sarah was admitted to the hospital, and Amos was born prematurely at 29 weeks, weighing only one pound, three ounces. Watch Sarah share their story by scanning the QR code.

OUR IMPACT IN 2023

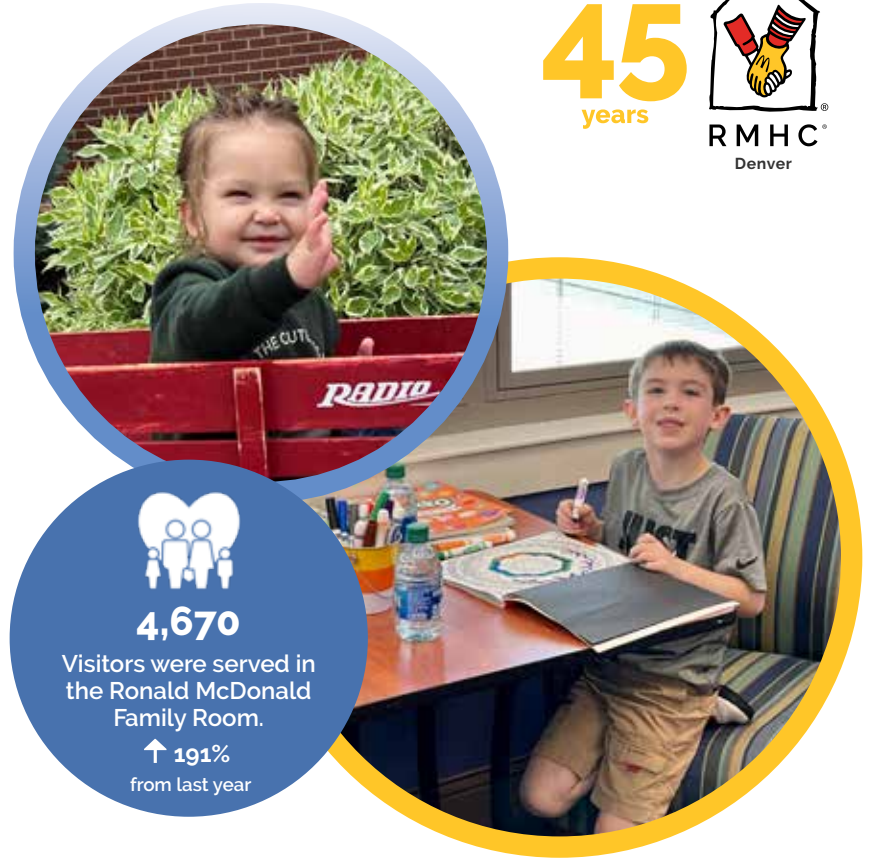

OUR PROGRAMS

Ronald McDonald Houses - Denver and Aurora

With your help, we provide families with better access to the care their sick child needs. For 45 years, Ronald McDonald House Charities of Denver has kept families of sick children together and near the medical care that they need. We provide temporary housing for out-of-area families needing to be near their hospitalized children at no cost to them. Between our two houses, the Aurora House and the Denver House, we can host 118 families per night and help them stay close to their hospitalized children.

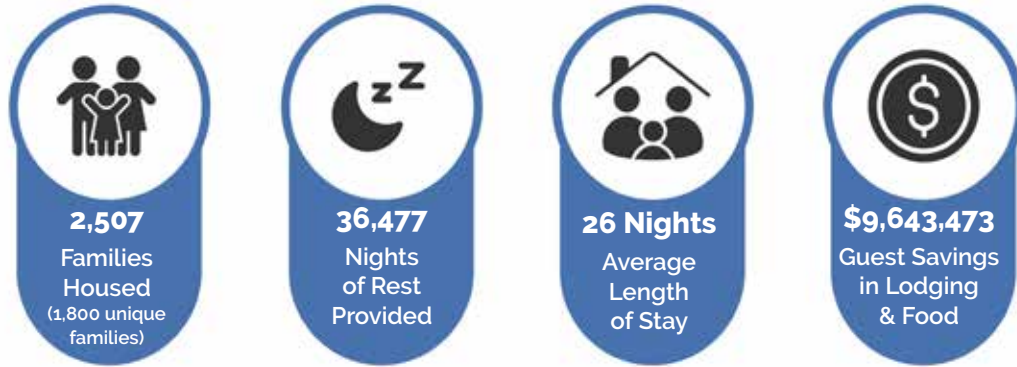

Ronald McDonald Family Room

Located within Rocky Mountain Hospital for Children, our Ronald McDonald Family Room provides families a place to rest and regroup just down the hall from their child's hospital room. Amenities include a full kitchen stocked with refreshments, play areas, laundry facilities, showers and the support of our helpful volunteers.
